“ We believe in a world comprised of communities where people respect one another, share and value each other’s stories and dwell in harmony with nature. ”

Early in 2019, we sent out our last newsletter telling you about the work the Trustees had been doing to refine the objectives and strategy of the Grant Rule Trust.

We have a small pot of money which we would like to make available to small projects contributing towards the Trust’s aim of nurturing flourishing and open communities. We are looking for opportunities where a small input of money can make a big difference, and we will be measuring our ‘return on investment’ in terms of the knowledge, skills and experience gained – both by our ‘fundees’ and the Trust itself.

However, the Trustees are not in a position to progress this aspiration and we have come to the conclusion that we need more hands to the pump.

Now more than ever we believe there is a need to cultivate communities where people respect one another, share and value each others’s stories and dwell in harmony with nature. If you share that aspiration and you could spare a little time and head-space to help us take the Trust forward, please contact Sue sue.rule@grantrule.org. We are particularly looking for people willing to become Trustees, but we are open to any offers of help or support.

With all best regards, and trusting you stay safe, well and positive in these difficult times.

Sue, Lyndsey and Helen
